

LUMIMAX®

LED Lighting Laboratory Case

Our new lighting case suited to your laboratory equipment allows testing different LED lights to determine which one suits your application.

Advantages

- contains a good assortment of LED lights for special conditions
- 3 versions available: LED lighting for continuous or flash operation or individual selection of different illumination types

LKP1 - Laboratory case with continuous illumination ¹	LKFL1 - Laboratory case with flash illumination ¹	Laboratory case with individual selection of different illumination types ¹
CRC70-ALK-W LUMIMAX® LED Ring Light for continuous illumination	CRC70FL-ALK-W LUMIMAX® LED Ring Light for flash illumination	CRC70... LUMIMAX® LED Ring Light
DFL100FL-R LUMIMAX® LED Dark Field Ring Light for continuous illumination	DFL100FL-R LUMIMAX® LED Dark Field Ring Light for flash illumination	DFL100... LUMIMAX® LED Dark Field Ring Light
DOM CD100-W LUMIMAX® LED Dome Ring Light for continuous illumination (requires Controller FLC2)	DOM CD100FL-W LUMIMAX® LED Dome Ring Light for flash illumination (requires Controller FLC2)	CD100... LUMIMAX® LED Dome Ring Light (requires external Controller PLC2 or FLC2)
ES60-R LUMIMAX® LED Coaxial Light for continuous illumination	ES60FL-R LUMIMAX® LED Coaxial Light for flash illumination	ES60... LUMIMAX® LED Coaxial Light
SQ80-ALK-R LUMIMAX® LED Area Light for continuous illumination	SQ80FL-ALK-R LUMIMAX® LED Area Light for flash illumination	SQ80... LUMIMAX® LED Area Light
Spot5W-W LUMIMAX® LED High Power Spot for continuous illumination	Spot5WFL-W LUMIMAX® LED High Power Spot for flash illumination	Spot5W... LUMIMAX® LED High Power Spot
PLC2 LUMIMAX® Light Controller for continuous mode	FLC2 LUMIMAX® Light Controller for flash illumination	PLC2 / FLC2 Controller for permanent and / or flashed mode
WS-ALD-CRC70 Diffusing Plate	WS-ALD-CRC70FL Diffusing Plate	Different diffusing glasses at buyer's option
WS-ALF100-CRC70 Fresnel Lens (f=100mm)	WS-ALF100-CRC70FL Fresnel Lens (f=100mm)	LUMIMAX® Connecting Cables in different lengths
WR-ALD-SQ80 Diffusing Plate	WR-ALD-SQ80FL Diffusing Plate	
WR-ALF100-SQ80 Fresnel Lens (f=100mm)	WR-ALF100-SQ80FL Fresnel Lens (f=100mm)	
WR-DL-SQ80 Backlight Plate	WR-DL-SQ80FL Backlight Plate	
LUMIMAX® Connecting Cable, Length 2,5 m	LUMIMAX® Connecting Cable, Length 2,5 m	
LUMIMAX® Connecting Cable, Length 5,0 m	LUMIMAX® Connecting Cable, Length 5,0 m
